

Jesse L. Clark, M.D.
Division of Infectious Diseases, Department of Medicine
David Geffen School of Medicine at UCLA
10833 LeConte Avenue, CHS 37-121
Los Angeles, CA 90095
jlclark@mednet.ucla.edu

Professional Certification

American Board of Internal Medicine, Diplomate in Internal Medicine	2005-Present
Diplomate in Infectious Disease	2008-Present
Medical Board of California Physician License Number A95103	2006-Present

Training

Fellow, Division of Infectious Diseases, Department of Internal Medicine David Geffen School of Medicine at UCLA, Los Angeles, CA	2006-2008
Intern/Resident, Department of Internal Medicine Montefiore Medical Center, Bronx, NY	2002-2005
Education London School of Hygiene and Tropical Medicine, London, UK Degree Anticipated: M.Sc. (Clinical Trials)	2009-2011
Albert Einstein College of Medicine, Bronx, NY Degree Conferred: M.D.	1998-2002
New York University, New York, NY Post-Baccalaureate Pre-Medical Studies	1996-1997
Brown University, Providence, RI Degree Conferred: B.A. with Honors (Double Major: History and American Civilization)	1990-1994

Employment

Assistant Professor-in-Residence 2009-Present

Department of Medicine, Division of Infectious Disease

David Geffen School of Medicine at the University of California, Los Angeles

Independent investigator on research related to the prevention and control of HIV and STIs in resource-limited settings in Latin America. Rotating physician on inpatient infectious disease consultation service at Ronald Reagan UCLA Medical Center, Westwood. Responsible for education and supervision of medical students, residents, and fellows in clinical training.

Director of Latin America Programs 2010-Present

Program in Global Health

David Geffen School of Medicine at the University of California, Los Angeles

Director of education, training, and research activities for UCLA Program in Global Health in Latin America. Responsible for programmatic leadership and mentorship of students, residents, and post-doctoral fellows in HIV/STI prevention research in Latin America.

Clinical Instructor/Global HIV Prevention Fellow 2008-2009

Department of Medicine, Division of Infectious Disease and Program in Global Health

David Geffen School of Medicine at the University of California, Los Angeles

Independent investigator on research related to the prevention and control of HIV and STIs in resource-limited settings in Latin America. Rotating physician on inpatient infectious disease consultation service at Ronald Reagan UCLA Medical Center, Westwood.

Scientific Review Committee, STI Clinical Trials Group 2008-Present

NIH/NIAID

Member of steering committee responsible for review and implementation of clinical trials for diagnosis, prevention, and treatment of sexually transmitted infections (STIs) in NIH-sponsored clinical trial network.

Research Fellow, Program in Global Health 2005-2006

David Geffen School of Medicine at UCLA

Research fellow responsible for independently initiated projects on patterns of HIV and STI transmission among high-risk populations in Lima, Peru. Participated in analysis and development of collaborative studies of HIV/STI epidemiology and prevention with UCLA, Universidad Peruana Cayetano Heredia, and San Francisco DPH. Authored publications on factors associated with HIV and STI transmission in high-risk populations in urban Peru.

Awards/Honors

Davidoff Society Award for Teaching in Residency 2005
Montefiore Medical Center/Albert Einstein College of Medicine, Department of Medicine

Chancellor's Award for Post-doctoral Research 2009
University of California, Los Angeles

Journal Review Assignments

AIDS and Behavior	2007-present

Research Support

K23 MH084611 PI: Clark

05/01/2009-06/30/14

NIH/NIMH

Partner Notification Strategies for HIV/STI Control in Peru

The major goal of this project is to assess behavioral, social, and biological factors influencing partner notification decisions following an STI diagnosis, followed by an evaluation of the effectiveness of an internet-based partner notification system for improving notification outcomes.

Role: PI

R21 MH92232 PI: Coates

07/01/2011-06/30/2013

NIH/NIMH

Expedited Partner Therapy for MSM in Peru

The major goal of this project is to assess the impact of expedited partner therapy (EPT) on rates of partner notification and treatment among the partners of MSM diagnosed with gonorrhea or chlamydia.

Role: Co-Investigator

R25 MH087222 PI: Mitsuyasu

07/01/2011-06/30/2016

NIH/NIMH

South American Program in HIV Prevention Research Training (SAPHIR)

The goal of the SAPHIR program is to provide a year-long program of structured didactic education and mentored research training in one of the main fields of HIV prevention in Latin America (Epidemiology, Behavioral Prevention, Biomedical Prevention, Antiretroviral Therapy, and Basic/Translational Prevention Science).

Role: Program Coordinator

NIH Loan Repayment Award

8/1/08-7/31/11

Loan Repayment/Research Training on Internet-based Partner Notification in Peru.

Provides loan repayment while trainee is actively engaged in clinical research.

Role: PI

STI Clinical Trials Group

10/01/08-06/30/11

NIH/NIAID

Member of steering committee responsible for review and implementation of clinical trials for diagnosis, prevention, and treatment of sexually transmitted infections (STIs) in NIH-sponsored clinical trial network.

Role: SRC Member
