10th Annual HIV CME Symposium

Tough Decisions Made Easier
Clinical Management of Treatment-Experienced Patients

Friday, November 9, 2012
8:00 am — 4:00 pm
The California Endowment - Los Angeles, California

Chairs:
Ronald T. Mitsuyasu, MD & Judith S. Currier, MD

This program is sponsored by the Office of Continuing Medical Education, David Geffen School of Medicine at UCLA
Registration

Application for Enrollment (Please Print)

Course Title and Number

Tough Decisions Made Easier:

Clinical Management of Treatment – Experienced Patients

Fall 2012

M123-11

Amount

$45

Last four digits of your Social Security Number:__________________________

Name (First/Middle/Last) __________________________________________________________________

Degree ________________________________________________________________________________

City/State/Zip___________________________________________________________________________

Daytime Phone: ____________________________ Fax: ___________ ____________________________

Check enclosed payable to: The Regents of the University of California

Charge: □ MasterCard □ Visa □ Discover

Credit Card No. _______________________________________________________________________

Expiration (Mo/Yr) ____________________________

Name of Card Holder: ____________________________

Authenticating Signature ____________________________

For Further Information

If you have questions about this program, please contact the Program Coordinator at (310) 557-1895 or via email at caresymposium@mednet.ucla.edu.

Mail to: Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, Tough Decisions Made Easier: Clinical Management of Treatment – Experienced Patients, 10920 Whitshire Blvd, Suite 1060, Los Angeles, CA 90024-6512

In accordance with applicable Federal laws and University Policy, the University of California does not discriminate in any of its policies, procedures, or practices on the basis of race, color, national origin, sex, sexual orientation, age, or disability. Inquiries regarding the University’s equal opportunity policies may be directed to campus Counsel, 3149 Murphy Hall, UCLA, or the Director of the Office for Civil Rights, Department of Education. For information on services for students with disabilities, or questions about accessibility, please call (310) 825-1501 (voice or TTD).

About the UCLA Pacfic AIDS Education Training Center

The UCLA Pacific AIDS Education and Training Center (PAETC) provides direct educational services to a broad range of health providers in Southern California and has developed video and Internet training modules used throughout the world.

The UCLA PAETC provides primary care professionals (Physicians, Physician Assistants, Nurses, Nurse Practitioners, Dentists, Dental Hygienists and Pharmacists) with the knowledge and skills necessary to care for HIV-infected patients and to increase the numbers of trained primary care professionals working with HIV-infected patients in the community. Training programs are designated by level, according to the experience, knowledge and needs of trainees.

The AIDS Education and Training Centers offer a national AIDS "Warmline" consultation service for physicians, pharmacists and other health professionals (800-448-3413) as well as a 24-hour hotline (888-448-4911) for Post-Exposure Prophylaxis (PEP) and a National Perinatal HIV Consultation and Referral Service (800-448-8765). Although our experts cannot offer opinions with regard to specific patients, they can respond to general questions with regard to diagnosis and management. For more information on the UCLA PAETC, please call (310) 794-8276.

About the UCLA AIDS Institute

In 1981, UCLA physicians reported the very first cases of what they described as "newly acquired immunodeficiency"—what we now know as AIDS. These doctors’ discovery and the subsequent exponential explosion of AIDS cases in Los Angeles and elsewhere around the country and around the world, led to the formation of the widely-accepted UCLA AIDS Institute in 1992. Under the direction of Dr. Irvin S.Y. Chen, an internationally respected virologist, the UCLA AIDS Institute provides a multidisciplinary think-tank for top-flight researchers who are assailing HIV on many fronts.

Institute members include faculty who work in the fields of virology and immunology, genetics, cancer, neurology, ophthalmology, epidemiology, social science, public health, nursing, and disease prevention. Their studies are carried out at the UCLA Westwood campus, in community settings, at half a dozen major medical centers in greater Los Angeles and at scores of locations in India, China, Brazil, and sub-Saharan Africa.

Through laboratory research leading to new treatments for HIV, providing outstanding care to patients with HIV, and developing more effective prevention strategies, the UCLA AIDS Institute is leading the worldwide effort to eradicate HIV and AIDS. The Institute’s dedicated scientists are committed to developing more effective education and prevention strategies for at-risk communities around the world, and better treatments for all people living with HIV. Innovative research programs that aim to develop a safe and effective HIV vaccine are among the UCLA AIDS Institute’s very highest priorities.

About UCLA CHIPTS

The Center for HIV Identification, Prevention, and Treatment Services (CHIPTS) is a collaboration of researchers from UCLA, Charité’s Drew University of Medicine and Science, Friends Research Institute, and RAND working with the broader Los Angeles community toward a common goal: to enhance our understanding of HIV research and to promote early detection, effective prevention, and treatment programs for HIV. Funded by the National Institute of Mental Health, CHIPTS serves as a bridge among researchers, government, service providers, and people with HIV responding to the changes in the HIV epidemic and in shaping sound public policy.

CHIPTS offers a range of services including consultation on the development of new research projects and assistance with obtaining funds for these initiatives. CHIPTS provides technical assistance in HIV program development and evaluation and sponsors an annual conference for developing researchers to present their work. In addition, the Center hosts an annual policy forum for researchers, government officials, and the HIV community to discuss emerging HIV policy issues, as well as host a research colloquium series.
Accreditation
The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Disclosure
The FDA has issued a concept paper that classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced, and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. We at UCLA fully endorse the letter and spirit of the concept. In compliance with this policy, the program faculty will disclose to their audience any potential conflicts of interest related to the contents of presentations.

Program Chairs

RONALD T. MITSUYASU, MD
Professor of Medicine
Director, Center for Clinical AIDS
Los Angeles, CA

JUDITH S. CURRIER, MD
Professor of Medicine
Associate Director, Center for Clinical AIDS
Los Angeles, CA

Symposium Faculty

EMERY H. CHANG, MD
Assistant Clinical Professor
UCLA CARE Clinic
Los Angeles, CA

LINDA D. CUNNINGHAM, MD
Associate Director, Center for Clinical AIDS
Los Angeles, CA

LEE JENNINGS, MD
NIRSA Primary Care Fellow
Division of General Internal Medicine
Los Angeles, CA

JEFFREY D. KLAUSNER, MD, MPH
Professor of Medicine
Division of Infectious Diseases and Program in Global Health
David Geffen School of Medicine at UCLA
Los Angeles, CA

KARA CHEW, MD
Clinical Instructor
Division of Infectious Diseases
UCLA CARE Center
Los Angeles, CA

DANIEL R. KURITZKES, MD
Professor of Medicine
Chief, Division of Infectious Diseases
Brigham and Women’s Hospital
Harvard Medical School
Boston, MA

ERIC S. DAAR, MD
Professor of Medicine
Chief, Division of HIV Medicine
HARBOR-UCLA Medical Center
Los Angeles, CA

JEFFREY D. KLAUSNER, MD, MPH
Professor of Medicine
Division of Infectious Diseases and Program in Global Health
David Geffen School of Medicine at UCLA
Los Angeles, CA

MARIA T. OCHOA, MD
Associate Clinical Professor
Department of Dermatology
University of Southern California
USC Keck School of Medicine
Los Angeles, CA

Lee Jennings, MD
NIRSA Primary Care Fellow
Division of General Internal Medicine
David Geffen School of Medicine at UCLA
Los Angeles, CA

JEFFREY D. KLAUSNER, MD, MPH
Professor of Medicine
Division of Infectious Diseases
Program in Global Health
David Geffen School of Medicine at UCLA
Los Angeles, CA

RISA HOFFMAN, MD
Clinical Instructor
Division of Infectious Diseases
David Geffen School of Medicine at UCLA
Los Angeles, CA

RAFAEL F. RULL, MD
Professor of Medicine
Division of Infectious Diseases
Brigham and Women’s Hospital
Harvard Medical School
Boston, MA

REFUNDS: Cancellations must be received in writing by November 1, 2012, and will be subject to a $20 processing fee. If for any reason the course must be cancelled, discontinued, or rescheduled by the Office of Continuing Medical Education, a full refund will be provided. No refunds will be given after November 1, 2012.

For Further Information: If you have questions about this program, please contact the Program Coordinator at (310) 557-1895 or via email at caresymposium@mednet.ucla.edu. For other UCLA CME offerings visit our website, www.cme.ucla.edu or contact the Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, at 310-794-2620.

Accreditation
The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA designates this live activity for a maximum of 6.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
Course Objectives:
This one-day symposium is designed to provide participants with relevant, reliable, up-to-date information on the clinical management of HIV-infected patients who have failed one or more antiretroviral regimens, or who have demonstrated some degree of resistance to one or more antiretroviral drugs or classes of drugs. At the conclusion of the course attendees should:

- Have a better understanding of the roles that viral fitness, viral load and host immunity play in the management of extensively pretreated patients.
- Appreciate the clinical utility of genotypic and phenotypic resistance assays, and know how to incorporate the data derived from such assays into their decision-making process.
- Be familiar with the full range of therapeutic options, including newly approved and investigational drugs, for patients who have failed one or more multidrug antiretroviral regimens.
- Recognize and become familiar with the treatment of some of the long-term complications of chronic HIV-induced immunosuppression and therapy for HIV.

About the Center for Clinical AIDS Research and Education
UCLA has been a leader in AIDS and HIV-related research, education and patient care since 1981 when the nation’s first cases of AIDS were identified at the UCLA Medical Center. The UCLA Center for Clinical AIDS Research and Education (CARE Center) was established in 1990 to facilitate clinical research and to integrate current research findings with teaching and patient care.

The UCLA CARE Center manages an outpatient clinic dedicated to patients with HIV and maintains an active clinical research program, which evaluates new antiretroviral therapies and investigates diseases associated with HIV and the complications of therapy. It is one of the original sites of the Adult AIDS Clinical Trials Group (ACTG) and the AIDS Malignancy Consortium (AMC). An education and outreach program disseminates information on AIDS and HIV infection to healthcare providers and to the community.

The CARE Center is also a primary location for training of medical students and housestaff at the David Geffen School of Medicine at UCLA in the optimal care of patients with HIV.

The UCLA CARE Center location: Our administrative offices are located at:
1399 S. Roxbury Drive, Suite 100 9911 W. Pico Blvd., Suite 980
Los Angeles, California 90035  Los Angeles, California 90035
