Partnership Development

UNIVERSITY OF MIAMI
MILLER SCHOOL
of MEDICINE

We have a successful partnership because:

- Support community-based participatory research which requires an equal partnership
- Willing to invest in, develop and maintain a long-term partnership
- Recognize and respect the diversity of the community
- Have sensitive listening-skills and willingness to learn other partners' skills
- Have an agreement regarding communication, decision making, and how to address project timelines
- Passionate about our joint projects

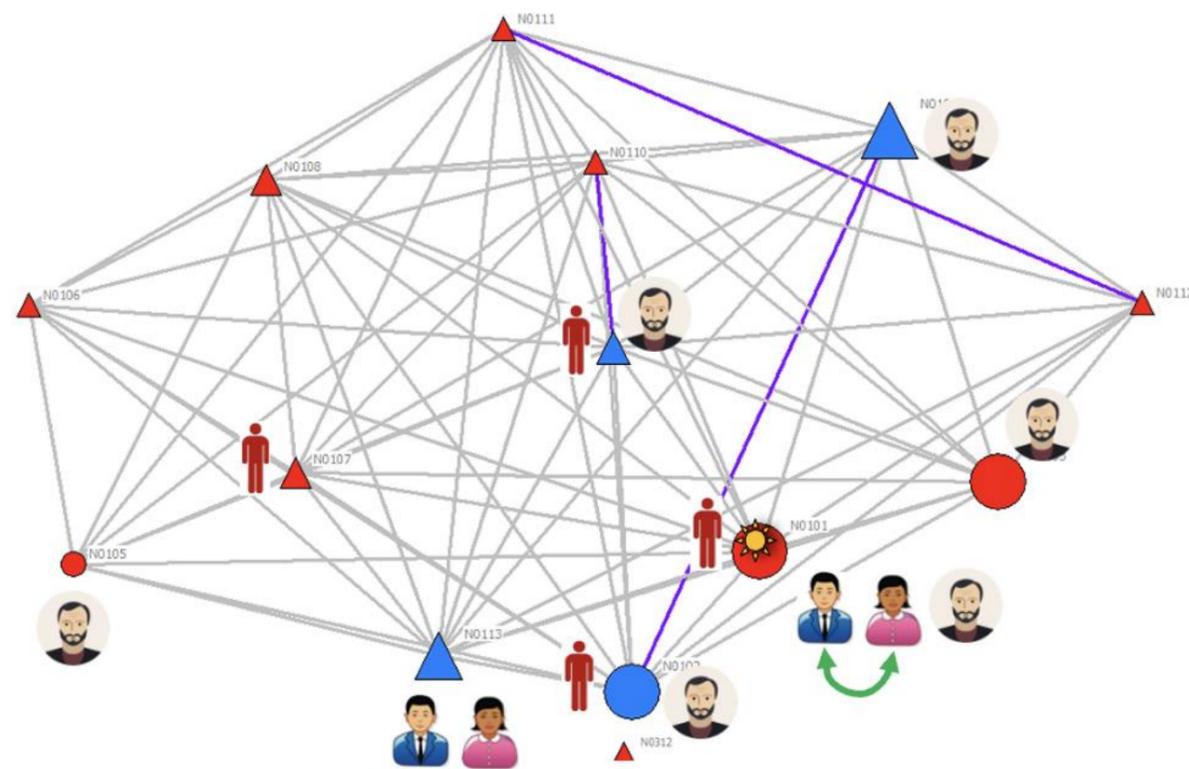

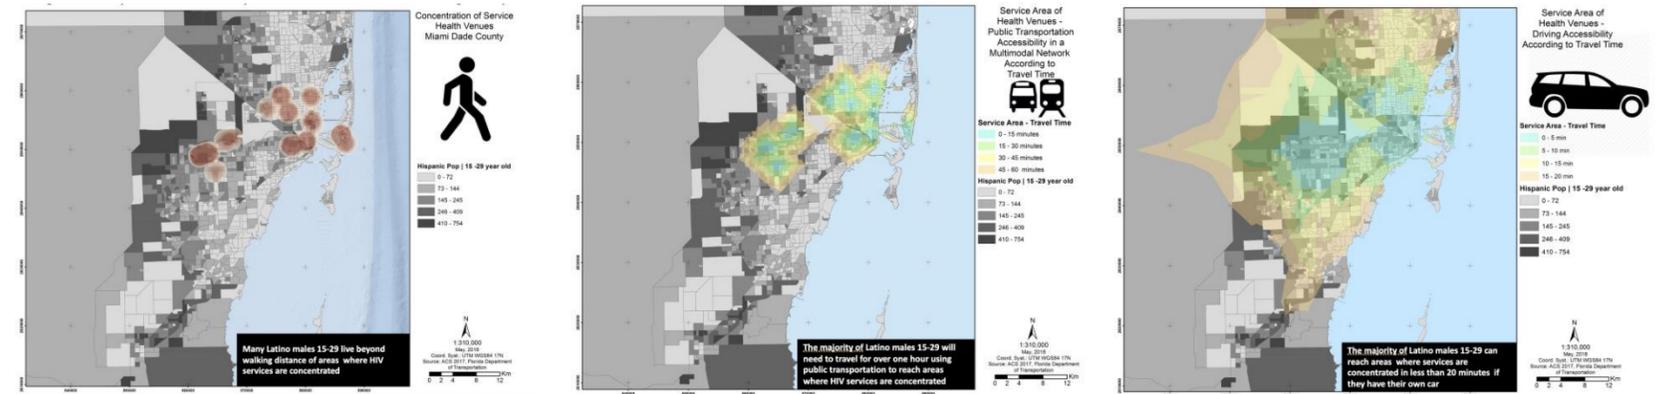

Our Journey

Partnership Development

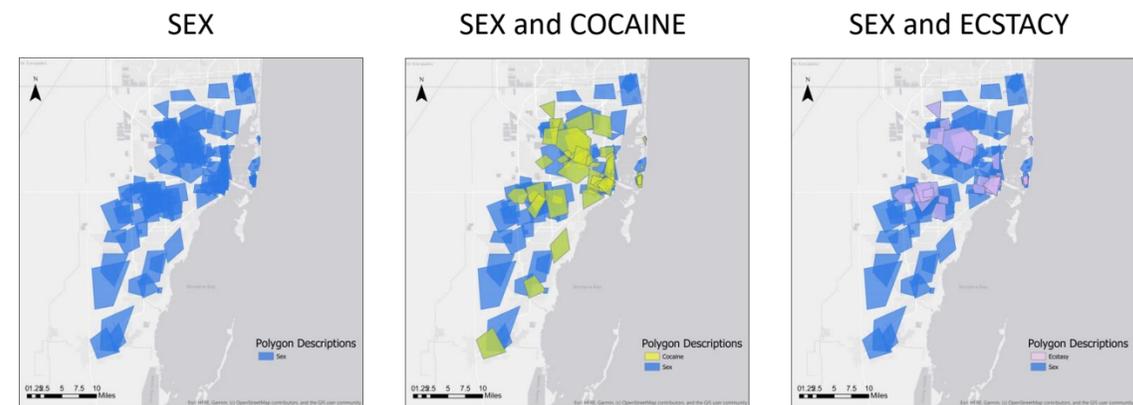

2017
CFAR Adelante & NIDA R00

PrEP Use Disparities in Latinx MSM's Social Networks

Accessibility to HIV Services by Latinx

Overlap between Sexual and Drug Use Networks

Partnership Development

Social and Friendship Network

Community Radio Network

Parks Network

Pharmacy Network

LACK OF AWARENESS AND UTILIZATION

INCREASE AWARENESS AND UTILIZATION

Partnership Development

2020
NIMH EHE Pilot

Social and Friendship Network

NIMH HRSA EHE Pilot

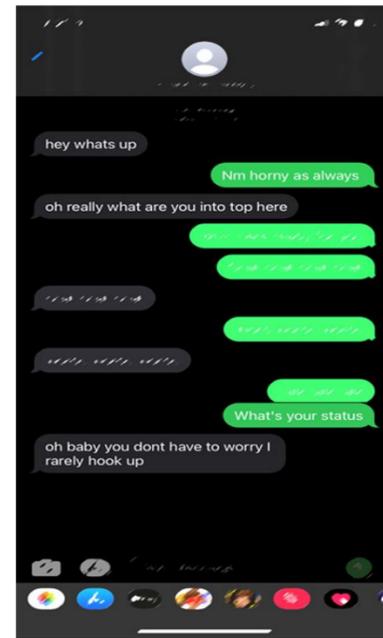

Photovoice

The goal of this implementation science pilot project was to understand modifiable factors and the behavior of practitioners and support staff, clients, and stakeholders influencing the adoption and implementation of a culturally tailored PrEP program for Latinx men.

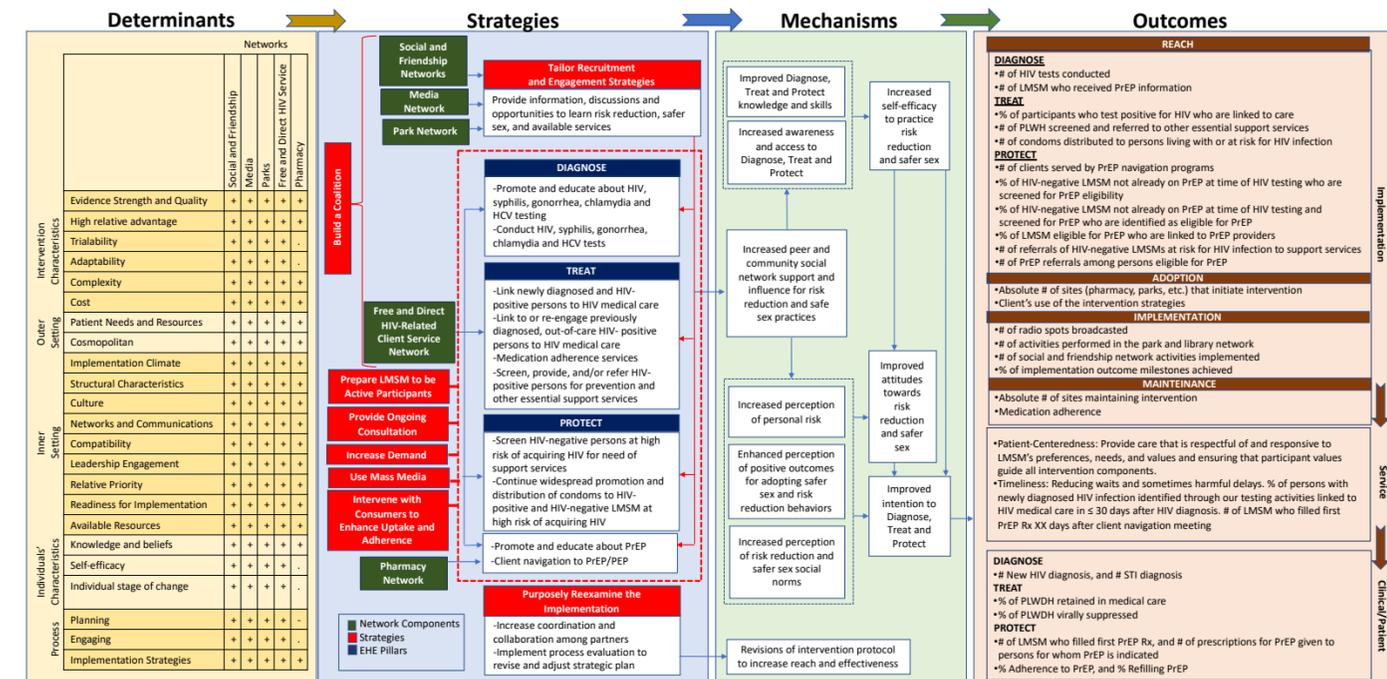

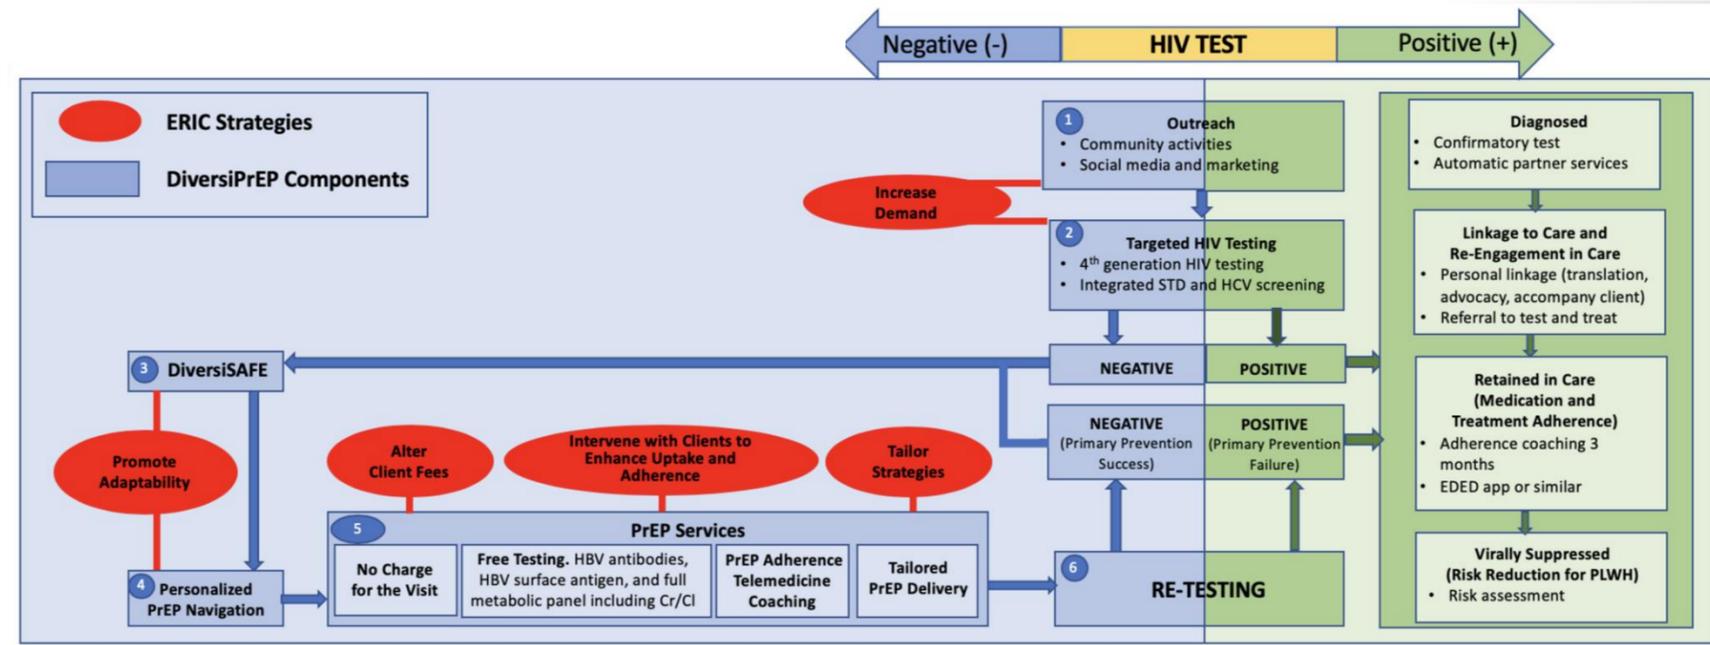

Partnership Development

2020
NIMH R01

Sociocentric Friendship Networks

Sexual and Drug Use Egocentric Networks

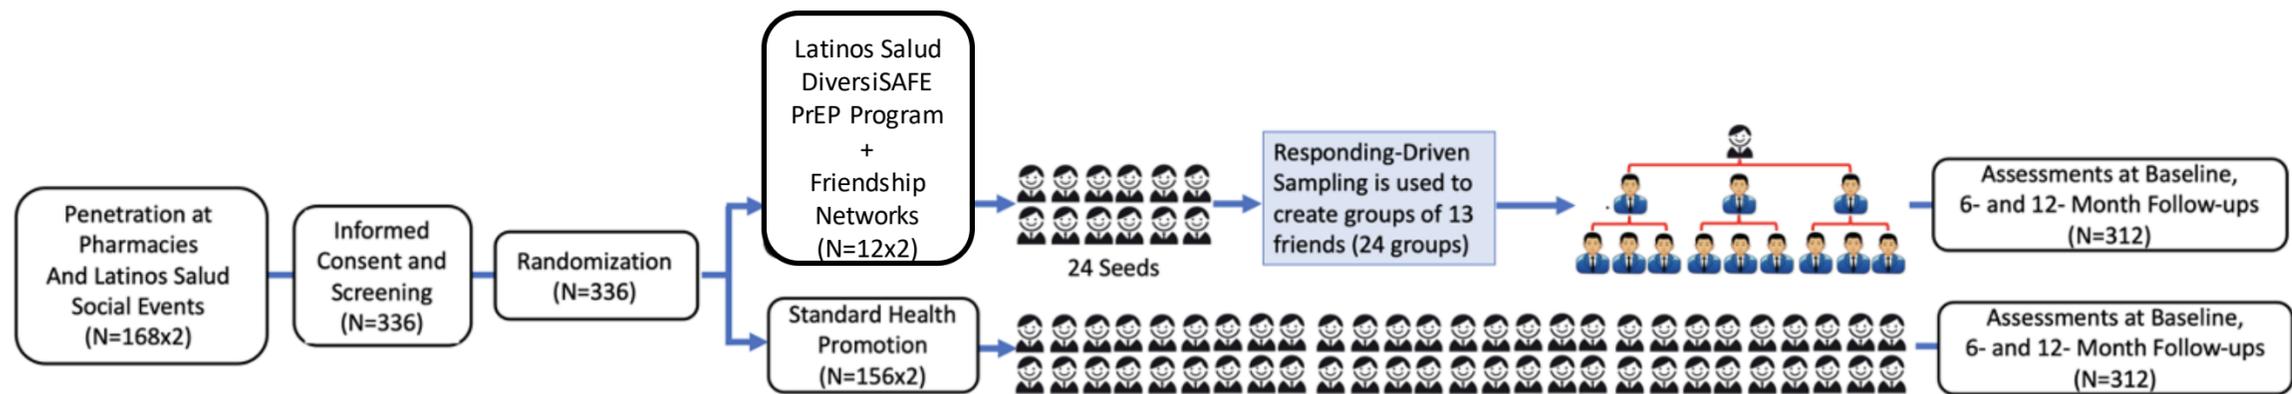

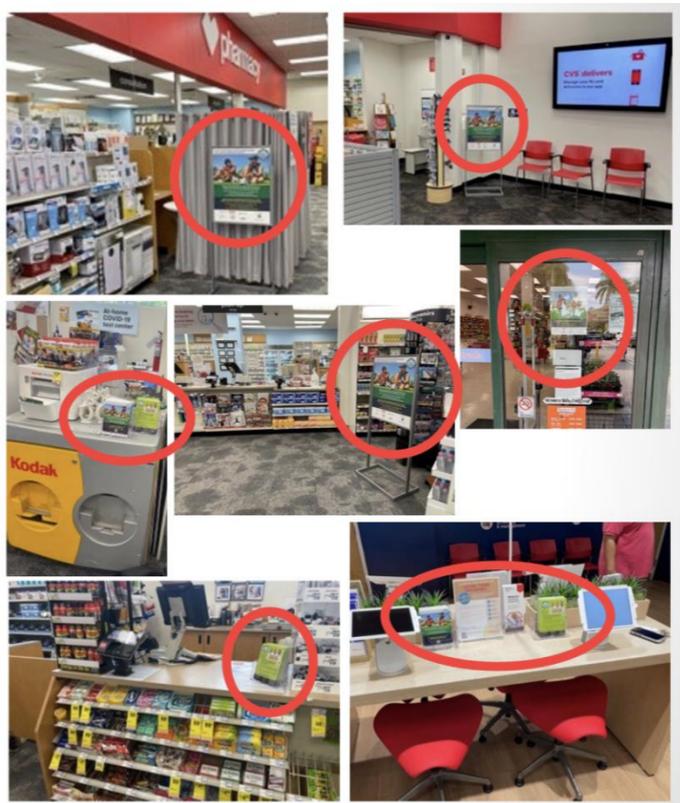

Two Mode Protective and Risk Venue Networks

PrEPParados was an R01 study to determine how social networks impact PrEP uptake and adherence among Latinx men who have sex with men (LMSM), both those who self-identify as gay, and the unstudied group of LMSM who self-identify as bisexual/straight.

Partnership Development

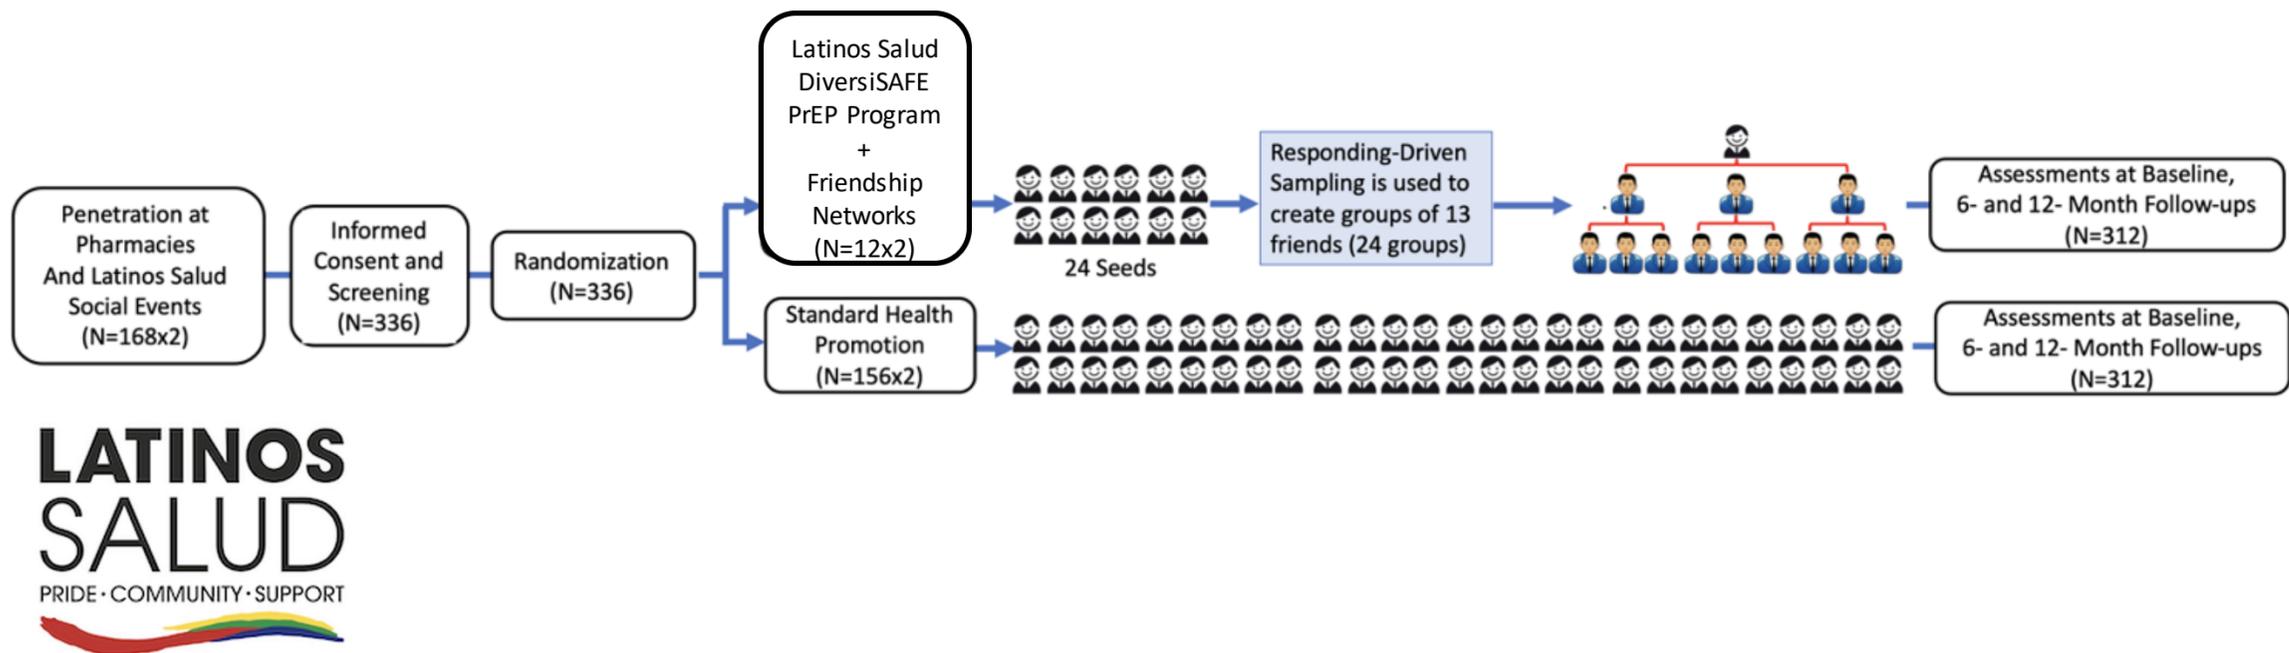

2022
NIAID EHE R01

An implementation-effectiveness RCT of FINISHING HIV, an implementation strategy bundle of a social network support component and a one-stop-shop PrEP component to improve PrEP initiation of LMSM.

Partnership Development

2022
NIAID EHE R01

An implementation-effectiveness RCT of FINISHING HIV, an implementation strategy bundle of a social network support component and a one-stop-shop PrEP component to improve PrEP initiation of LMSM
