## Zero is Possible Together: Innovation + Awareness

*Panel Discussion on Eliminating HIV Disparities and Inequities among Native Communities*

In Commemoration of **National Native HIV/AIDS Awareness Day**, the *Region 9 Prevention through Active Community Engagement Program (PACE)* in collaboration with the *University of California, Los Angeles Center for HIV Identification, Prevention and Treatment Services (CHIPTS)* would like to invite you to join a panel discussion among Native-serving organizations and leaders for an opportunity to highlight **how to eliminate HIV disparities and inequities among Native communities.**

### JOIN US TO:

- 1 Learn how HIV/AIDS disproportionately affects Native communities.
- 2 Understand the challenges and barriers to HIV/AIDS testing, linkage to care, and prevention among Native communities.
- 3 Identify best practices for working with tribal nations to eliminate HIV disparities and inequities among Native communities.
